# GRAY NICOLLS TESTIMONIALS

'I wish you guys were here today, when the kit got delivered and we opened it! A few of the players put it on and the look on their faces was priceless, as they were so happy and proud of the result. The captain Scott Edwards said that "this is the best kit we've had to date; better than anything from before".

All the team members and KNCB are pleased with what's been delivered. I would like to say thank you to all of you and the others who aren't included in this email, please forward it to them at the office for the amazing clothing you've delivered and the time you've spent on us.'

## **AT NIDAMANURU**

Project Manager KNCB

'At Northants we are delighted to partner with Gray-Nicolls, one of the biggest brands in cricket. We are now in our second contract term and have been very impressed by the product they have supplied and the service they have offered. The team have been very receptive to our ideas and feedback on the range, and we're delighted with the results.'

# MATCH TEAMWEAR

Whatever your level of cricket - Gray-Nicolls have a match shirt for you.

Our Pro Performance V2 Shirt is a high spec, top end match shirt utilising our cutting edge Cleancool fabric, designed to make you look and feel the part. Trusted by Northamptonshire CCC in the County Championship this product is designed to keep you comfortable at the crease or in the field.

Our Matrix V2 collection is our best selling match shirt ever. The lightweight polyester shirt is less fitted than the Pro Performance and the perfect shirt for the club cricketer - at an unbelievable price.

An unrivalled collection of match trousers are used by all our pro's and numerous clubs up and down the country - while our sweaters and slipovers have you covered for all climates.

Our match kits come in Ivory as standard - with trim options available in navy/maroon & green to offer a splash of colour to your club kit.

# BESPOKE KIT

If you are looking for something unique, something that will stand out among all other kit designs, you should try using Gray-Nicolls made-to-order kits.

The world is your oyster as you work with our team to come up with the design that suits your club.

We've produced stunning, bespoke kits for Central Sparks, Northants CCC, and will be once again kitting out the Netherlands in Cricket World Cup 2023.

Our Iconic Mercury Collection is a superior stretchy and light-weight fabric that can be customised to any design. There are numerous collar alternatives for men and women, including V neck, V with collar, and British collar with placket. The Polyester and spandex mix is durable and lightweight, providing an endless amount of flexibility which will adapt to your every movement. To keep warm during the performance, slippers and a sweatshirt are supplied. Comfortable trousers with a smooth drop leg that allows room for pads and protectors without sacrificing performance.

Speak to a member of our team about how you can get a custom designed kit for your club.

# SOLAR RANGE

Our solar range is a sublimated collection giving you high levels of customization across the full garment offering.

Our solar collection garments is made from recycled polyester.

By following the below points, with the factory, we are aiming to reduce our carbon footprint:

- Installing 992 solar panels which generate around 438kwh of electricity each year.
- LED lighting across the entire factory.
- Sustainable fabrics used in our solar collection will remove 12 million water bottles from landfill each year.
- All packaging is either recycled or biodegradable.

**As the global population continues to grow** and we can see the long-term consequences of excessive energy use and industrial growth, we have a responsibility to play our part in reducing, recycling and re-purposing. **Envyro** is a platform covering our business' latest fabric offering, which is manufactured using recycled materials.

While plastic consumption is on the rise, we're doing our part to give single-use plastic bottles a second life. **Envyro** is the cornerstone of our sustainable eco-conscious program, where we have proudly reduced our water and energy consumption, invested in product development and realigned our environmental values for a sustainable future.

Driven by environmental, economic and social responsibilities, everyone from our elite sports teams through to grassroots organisations now have an opportunity to join us, as we play with purpose and look to the future of recycled performance fabrics.

## MEASUREMENT ADVICE

### BUST / CHEST

Measure under the arms at the fullest part around the bust/chest horizontally.

### WAIST

Measure around the natural waistline.

### HIPS

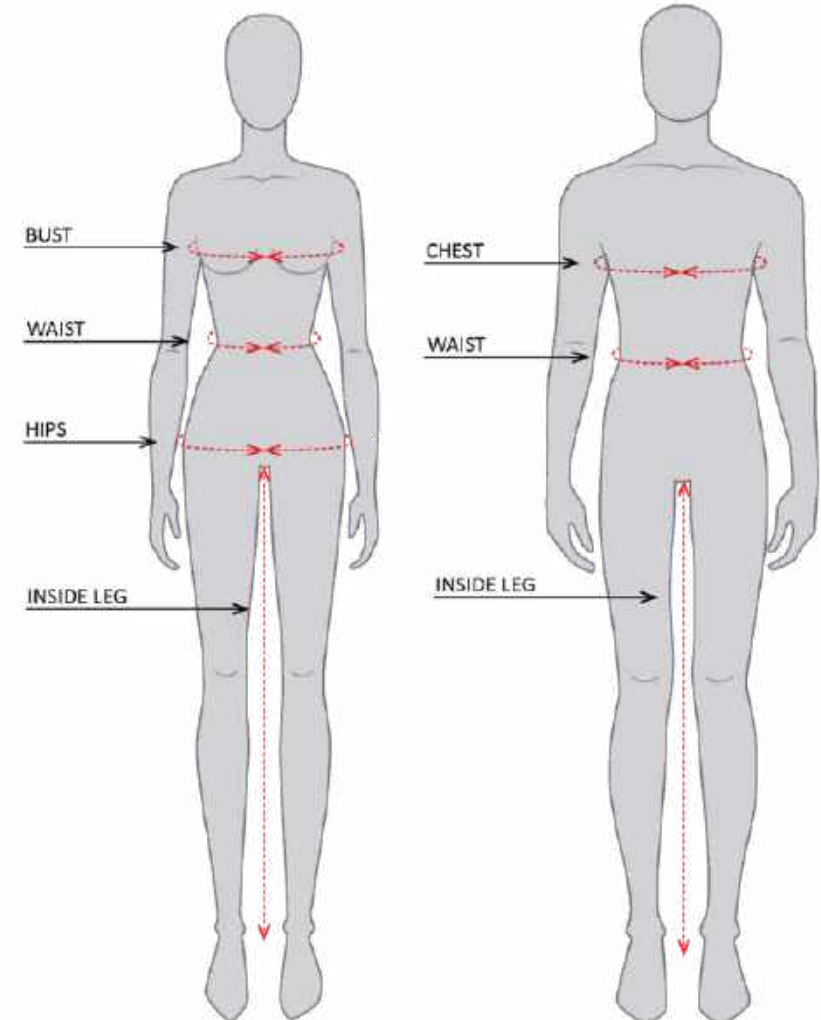

With the feet together measure around fullest part.

### INSIDE LEG

In bare feet take the measurement from the top of the inside leg and measure down the inside leg to the floor.

\* Ensure you do not pull the tape measure too tight. This must sit flat on the body without indenting the skin. If unsure slip 2 fingers under when you join the tape measure and take this reading.

\*\* The chart is provided as a tool to assist when placing your order. Please take into consideration the sport, styling and end use of the garment. If you are in between two sizes, order the smaller size for a tighter fit or the larger size for a looser fit. If your measurements for chest and waist correspond to two different suggested sizes, order the size indicated by your chest measurement.
